REQUEST FOR REFUND

SIR:

Applicants hereby request a refund of \$310.00 of the \$420.00 fee for a two month extension of time which was filed on February 23, 2004 in order to file a Request for Continued Examination.

The two month extension fee was necessary because an advisory action in response to applicants' amendment mailed on December 19, 2003 was not mailed by the examiner until January 28, 2004. However applicants' amendment was timely filed in response to the office action of September 23, 2003, was marked MS-AF in the upper right corner and was mailed to Mail Stop AF.

MPEP 714.13 states that if an applicant replies within two months from the date of mailing a final rejection setting a three month period for response, and the office does not mail an advisory action until after the end of the three month period, the shortened statutory period will expire on the date the examiner mails the advisory action.

While the MPEP is not explicit with respect to replies mailed within three months, in practice the office has always made every effort to render an advisory action with one month of the end of the three month shortened period. Failure to do so in this case has forced applicants to obtain a two month extension of time in order to file a Request for Continued Examination, whereas a timely advisory action (within one month) would only have necessitated a one month extension of time.

Since the additional month of extension was necessary solely as a result of delays in the Patent Office, a refund of the difference (\$420 - \$110 = \$310) is requested.

Respectfully submitted,

COHEN, PONTANI, LIEBERMAN & PAVANE
